 - Clear communicator who leads teams and aligns stakeholders around successful outcomes
 - Hands-on full-stack capability across digital design and development, amplified by AI
- Specialties:** HCI, UI/UX, Visual Design, Atomic Design, Design System, React Native, Next.js, Node.js, PostgreSQL, Headless CMS, AI, RAG, i18n, Web, Mobile app

EXPERIENCE

Creative Director Iris ID Systems Leads UI/UX and digital product design across web, mobile, and physical product touchpoints. Sets brand and visual direction that connects product vision with brand storytelling, drives marketing campaigns and creative strategy, and establishes design systems for consistent cross-platform experiences. Mentors and aligns cross-functional teams.	Aug 2025 - Present
Chief of Digital Product (SVP) PT Smartfren Telecom Tbk Led the digital product organization spanning mobile apps, web platforms, and self-care kiosks. Established an Atomic Design-based design system and shipped mySF (consumer super-app), 1Engage (B2B engagement platform), and KUPU (AI-powered recruitment).	Jan 2020 - Jul 2025
Adjunct Professor Monmouth University Taught Human-Computer Interaction for User Experience Design in the Department of Computer Science and Software Engineering.	Jan 2019 - 2021
UX and Design Lead (VP) GLMX Led UX for a money market trading platform built as an Angular SPA, including repo trading screen layouts and a comprehensive style guide. Recognized four consecutive years (2020-2023) as Top Security Finance Trading Platform - Best UI, US & EMEA.	Jul 2017 - Jan 2020
Head of UX/UI Chloe + Isabel, Inc. Led UI/UX for a mobile-first eCommerce platform - covering style guides, wireframes, mockups, screen and icon design, and typography - and established an Atomic Design-based design system.	Jun 2016 - Jun 2017
Chief of Creative Lab SK C&C USA (dba Corfire) Led the Creative Lab for UI/UX and screen design across mobile wallets and enterprise mobile commerce. Delivered wireframes, interaction design, optimized assets, and production-ready specifications for commercial launches including Dunkin' Donuts, Dairy Queen, Shell UK, McMobil Germany, E-Plus BASE, and mobile commerce platforms for AT&T and Deutsche Telekom. Additional engagements included Disney, Baskin Robbins, Coca-Cola, and DC Bank Canada.	Apr 2012 - Jun 2016
Chief of Creative Group Iris ID Systems, Inc. Directed iris recognition software design and development, camera product design, corporate identity, and marketing. Delivered Iris ID CI and logo, product design for iCAM TD100 and iCAM H100, and UX/UI for iData EAC, iData SDK, iData CMA, INSiDE, and IrisAccelerator.	Dec 2009 - Apr 2012
Director of Design & Marketing Group LG Electronics USA, Inc., Iris Technology Division (LG IRIS) Led UX/UI for iris recognition software, camera product design, corporate identity, website design, and marketing communications.	Apr 2004 - Dec 2009
Visiting Professor Pratt Institute Taught Interactive Media Workshop (Director, Lingo, Web Art) in the Department of Computer Graphics and Interactive Media.	Sep 1999 - Aug 2000
Member of Technical Staff Lucent Technologies, Inc. Designed and developed GUIs for web and Java-based applications, including Network Management Systems (NMS/EMS). Contributed multimedia design, prototyping, and lucent.com website design.	Jun 1998 - May 2003
Research Engineer	May 1989 - Sep 1993

LG Electronics Multimedia Lab, Seoul, Korea
Worked on audio/video signal processing, microprocessor control, and circuit design for products including a Hi-8 camcorder and Laser Disc Player.

Research Engineer

Mar 1988 - Apr 1989

National Astronomy & Space Engineering Lab, Daeduk, Korea
Conducted research on spacecraft engine control.

EDUCATION

MFA, Computer Graphics & Interactive Media

Aug 1994 - May 1998

Pratt Institute

BS, Control & Instrumentation Engineering

Mar 1984 - Feb 1988

Seoul National University

PATENTS · HONORS & AWARDS
